

The screenshot displays the Microsoft Access 2003 interface. The main window shows a map of Germany with regions colored in various shades (pink, yellow, blue, green). The map is titled 'Nordsee' and 'Ostsee'. To the right of the map is a data table with columns for 'ID', 'Name', 'Gebiet', and 'Status'. The table contains numerous rows of data, including IDs like 100101, 100102, 100103, etc., and names like '100101', '100102', etc. The table is titled 'Merkmalstabelle Workshop Struktur Technische Dienstleistung'. The left pane shows a list of tables, including 'IH\_RPI', 'Modellergebnisse\_RPI', 'Anzahl\_GFD\_Aerzte\_RPI', 'RPI\_Daten\_Kunde', and 'Standorte\_ADM\_Mitarbeiter'. The top menu bar includes 'Start', 'Erstellen', 'Externe Daten', 'Datenbanktools', and 'Datenblatt'. The status bar at the bottom indicates 'Datensatz: 1 von 3763'.
